- Web Development Fundamentals, IBM SkillsBuild, Jul 23
- Programming Foundations with JavaScript, HTML and CSS, Coursera, Mar 23

EDUCATION

Board	Tenure	Educational institution	CGPA/Percentage
B. Tech (CSE)	Jun 21 –Ongoing	VIT Bhopal University, Bhopal	7.7/10
Class XII	Jun 20	Mansarovar Academy, Vidisha	92%
Class X	Jun 18	Vatsalya Senior Secondary School, Vidisha	92.6%

ACADEMIC PROJECTS

Machine Learning	▪ **Antivirus** (Nov 22 – Feb 22) - Description: Develop a robust Python-based antivirus program that proactively scans, detects, and swiftly eliminates a wide range of common malware from the user's computer. Employ advanced heuristics and real-time analysis to minimize false positives, while optimizing system resources to ensure seamless and high-performance protection. - Technology: Python - Team Project: 5 members - Role: User Support and Documentation - Link: https://github.com/KunjMaheshwari/Antivirus-
Machine Learning	▪ Email Spam Detector (Jul 22– Oct 22) - Description: Build a Python-based machine learning model for email spam detection. Train it on a labeled dataset, rigorously evaluate performance for accurate classification, and utilize a Kaggle database for training. - Technology: Python - Team Project: 5 members - Role: Programmer - Link: https://github.com/KunjMaheshwari/Email-Spam-Detector

Experience

ETHNUS	▪ MERN Stack Developer ▪ AWS Cloud Practitioner Essentials
LetsGrowMore	▪ Java Developer Intern (Sep 23 - Ongoing) ▪ Web Developer Intern (Sep 23 – Ongoing)
TEDx	▪ TEDx VIT Bhopal (Jun 23 – Ongoing) - Core Member of Media and Public Relation Department - We actively communicate with the public, media, and stakeholders, promoting TEDx VIT Bhopal. We manage press releases, coordinate media coverage, and handle inquiries and interviews. Our role ensures the event's ideas reach a broad audience, creating a lasting impact in the community.

CO-CURRICULARS

Coding	▪ HackerRank 4 Star in Java.
